## Parkour Camp

The word Parkour comes from the French "parcours", which literally means, "the way through", or "the path". Practitioners aim to get from one point to another in a complex environment, without assistive equipment and in the fastest and easiest way possible. Parkour involves running, climbing, swinging, vaulting, jumping, rolling, and other movements deemed the most suitable for the situation. Parkour can be thought of as being chased by someone. You want to get away as fast as possible, right? Parkour encourages movement in the most creative way possible!
